PROFESSIONAL SUMMARY

Motivated and enthusiastic third-year B.E. Artificial Intelligence and Machine Learning student with a strong foundation in Python, Machine Learning, Web Development, and problem-solving. Passionate about building innovative AI-driven applications and continuously learning emerging technologies. Seeking an opportunity to apply technical skills, gain industry experience, and contribute effectively to challenging projects in a growth-oriented organization.

EDUCATION

B.E. in Artificial Intelligence & Machine Learning Engineering

ISBM College of Engineering, Pune

Pursuing | Current CGPA: 8.32

Diploma in Computer Engineering

Government Polytechnic, Jalgaon

2022 – 2025 | Percentage: 86.40%

Secondary Education (SSC)

Progressive English Medium School, Jalgaon

Percentage: 93.40%

INTERNSHIP & TRAINING EXPERIENCE

Softanic Solutions PVT.LTD

Jalgaon | 2024

Designed and developed 10+ responsive and database-driven web applications using HTML, CSS, JavaScript, PHP, and MySQL, delivering user-friendly and scalable solutions.

SKILLS

Programming Languages:	Python, Java, JavaScript, SQL
Web Technologies:	HTML, CSS, React.js
Libraries/Frameworks:	NumPy, Pandas, Matplotlib, Flask, Scikit-learn
Tools:	Git, VS Code, IntelliJ IDEA
Databases:	MySQL, MongoDB

PROJECTS / OPEN-SOURCES

Production MLOps — AI Customer Churn Prediction & Monitoring Platform

Developed an end-to-end ML platform using Scikit-learn, XGBoost, and FastAPI for customer churn prediction and risk classification. Implemented prediction logging, model monitoring, and drift analysis for production-oriented ML workflows.

Intelligent Customer Risk/Fraud Predictor

Developed a machine learning system to identify customer risks and fraudulent transactions using data preprocessing and predictive modeling. Analyzed prediction results to support intelligent risk assessment and fraud detection.

Fingerprint-Based Attendance system App

Developed a fingerprint-based attendance application using Java, Android Studio, and SQLite to automate attendance tracking, securely manage student records, and generate accurate attendance reports.
